

Welcome to the new *Trustee Insights*

With this issue, the AHA is pleased to unveil the new *Trustee Insights*, our enhanced digital resource for hospital and health system boards and leadership. This robust bi-monthly digital package includes more insights and analysis on the changing dynamics in the field and what they mean for boards, as well as other rich resources to help achieve high-performing governance.

Strong, informed governance is vital in this rapidly changing health care landscape. And the AHA is committed to ensuring hospital and health system boards have the information and resources they need to help navigate their organizations through the challenges and opportunities that lie ahead. Additional resources in the form of briefs, presentations, video content and on-demand webinars designed for boardroom education and discussion can be found on the AHA's website at www.aha.org/trustees.

We look forward to your feedback as we continue to grow AHA's Trustee Services to meet your evolving needs. Please send us your thoughts and suggestions at trustees@aha.org.

Maryjane Wurth

AHA Executive Vice President & Chief Operating Officer

INNOVATION

Surviving Disruption in Health Care

By Kenneth Kaufman

Health care providers must draw lessons from the core capabilities of successful companies in the internet economy.

TECHNOLOGY

Artificial Intelligence: The Next Revolution in Information Technology

By John Glaser

Boards need to understand artificial intelligence to evaluate its evolving benefits and risks.

VIEWPOINT

Time for a New Model of Governance

By Jamie Orlikoff

The crisis brewing in the traditional governance model requires conscious construction of new models relevant to new times.

PRACTICAL GOVERNANCE

Governance Leadership of Quality: Creating Tension for Change

By Jim Conway

A diagnostic tool and organization assessment can help boards address barriers to effective quality oversight.

ON-DEMAND WEBINAR

Supporting High-Performing Boards: Dedicated Governance Leadership

By Luanne Stout

Increasingly complex board structures require a well-designed approach to board support, with distinct knowledge and skills at different levels of governance responsibility.

TRUSTEE EDUCATION CALENDAR

AHA Leadership Summit

July 26-28, 2018 | San Diego, Calif.

The Summit's Governance Excellence track provides trustees with opportunities to dive deeper into emerging trends and best practices through peer-to-peer learning, case study sessions and strategic discussions with experts.
